

## **Dhempe College of Arts & Science Miramar, Panaji, Goa**

### **CODE OF ETHICS REGARDING PLAGIARISM**

Dhempe College of Arts & Science considers plagiarism as a form of academic dishonesty in which one person presents the work of another person as his/her own, either with an intent to deceive or due to the lack of understanding or carelessness.

In order to curb plagiarism and malpractices in our examinations, we are strictly committed to follow the code of conduct/ethics prescribed by Goa University for its examinations and for the control of plagiarism in academic/research activities. Our Institution is committed to prevent all such malpractices and plagiarism in any form by creating appropriate level of awareness within our academic community i.e. Students, teachers and our researchers. It is the responsibility of each student of this college to learn what constitutes acceptable academics practices. The individual researcher from this institution undertake the responsibility of original research work done by him/her and that primary and secondary sources of data are accepted and acknowledged wherever required in each research paper or article published by him/her.

### **PLEDGE AGAINST PLAGIARISM**

We the Staff and Students of Dhempe College of Arts & Science in order to curb Plagiarism are strictly committed to follow the code of conduct towards plagiarism.

We are committed to prevent all such malpractices and plagiarism in any form by creating awareness among the teaching and student community.

We pledge to uphold honesty and integrity in all our academic endeavours including examinations and research.

We hereby take an oath to promote the highest standards of education and ethics in our institution through our research, teaching – learning activities, paper publications, dissertations, paper presentations etc. by preventing plagiarism by giving due respect to the author in the form of references in various forms of presentations.
