Swachhta Drives and Awareness Programmes

Dhempe College of Arts and Science identifies proactive participation in the national *Swachhta Abhiyan* as one of the key measures in achieving sustainability. Students, through NSS, NCC Units and Green Ambassadors conducted various swachhta drives and awareness programme as a part of their social responsibility.

College has adopted 5 villages. In order to instill and reinforce the value of cleanliness among the youth, the NSS Unit ensures that students regularly undertake campus cleaning activity. The lawn, parking area, surroundings of canteen as well as classrooms are cleaned and rendered garbage-free. It is also ensured that the students dispose the waste judiciously following prescribed methods of garbage segregation. Students undertake extension activities in the surrounding areas through cleanliness drives, awareness drives through street plays, ecological surveys, rallies, etc.

Following table is a brief account of Swachhta Drives and Extension activities through Swachhta awareness programmes.

Year	Swachhta Drives with in College Campus	Swachhta Drives outside College Campus	Extension activities through Swachhta awareness programmes	Total Swachhta Activities
2015-16	5	4	2	11
2016-17	5	3	5	13
2017-18	5	10	5	20
2018-19	4	11	11	26
2019-20	3	10	10	23
